

FINDING THE RIGHT CHANNEL AT AMC

February may not seem like the ideal time to install outdoor signs but that's exactly what we just did in order to finalize a long-term project with Lawrence General at Andover Medical Center. After almost five years of working with the hospital's landlord, Board of Directors, and the Town of Andover's Zoning Board in order to develop the building's identification, this project finally culminated in the six lit channel letter signs you see here.

Permitting is just one of the services we offer to assist your signage needs. We have years of experience working through the complexities & bureaucracy of local municipalities, and we'll persevere in order to get the job done. Give us a call today to Get Noticed - and let us handle the permitting so you don't have to.

TWO CONVENIENT LOCATIONS TO SERVE YOU:

HAVERHILL

40 Orchard Street
Haverhill, MA 01830
978-372-3721

NORWOOD

1400 Providence Hwy, Ste. 2500
Norwood, MA 02062
